

HEXAGON SPECIALITY PRODUCTS

Industrial & Automotive lubricants.

An ISO 9001:2015 Certified Company

OUR SCOPE:

Hexagon Speciality Products, manufacturer of industrial lubricants & speciality oils has been continuously focusing on improving customer satisfaction & aim to become a better business partner by providing the quality products with competitive price & timely support.

ABOUT US:

- We, Hexagon Technologies, are the manufacturer of Industrial Oils and lubricants and supply to Engineering, Automotive, Mining Industries and so on.
- We started our business as a Distributor in August 2010 with Tectyl oil and Chemicals India Pvt Ltd, (Indian unit of Korea Houghton Corporation) and APAR Industries Ltd (Indian MNC).
- In 2012, we started manufacturing our own Brand Products & we supply to various industries.
- In 2020, due to pandemic, partnership of Hexagon Technologies was separated in the name of **HEXAGON SPECIALITY PRODUCTS** with new partners.
- We have vast experience in Industrial Oil manufacturing, marketing and technical support. We produce and supply quality products with their knowledge and experience to our customers.
- We are committed to achieve customer satisfaction by providing our superior products in right time through our team work, continuous improvement in our process and ensure the effective implementation of Quality management system in all the processes of our organization.
